

WALTER REED DREAMS

CulturalDC and the DC Office of Planning have joined forces with residents and businesses of Ward 4 to present “Walter Reed Dreams,” a community-driven arts and culture tribute, featuring multiple activities as part of the redevelopment of the Walter Reed Campus.

Walter Reed Dreams is part of a city-wide initiative called “Crossing the Street,” which promotes community-building through creative placemaking in neighborhoods that are experiencing rapid demographic and social change.

The stories, dreams, and insights captured from residents of Ward 4 will be highlighted by artistic experiences that will invite further community participation and moments for reflection. CulturalDC will host multiple events in Ward 4 leading up to a culminating community celebration at Walter Reed in the spring of 2017.

We invite YOU to participate by sharing your story today! DEADLINE TO PARTICIPATE: FEBRUARY 28, 2017
